

Eyelash Extensions

Lash Perfect eyelash extensions are semi-permanent lasting up to 8-12 weeks with regular maintenance. Lash Perfect eyelash extensions provide thickness and length to natural eyelashes thus enhancing the charm and appeal of your eyes.

Lash Perfect eyelash extensions require professional application to ensure the best finish, by blending the lash extensions evenly with your natural eyelashes using our highly skilled techniques, eyelashes are given the appearance of being naturally thicker and longer through professional application of an individual synthetic eyelash directly onto the natural eyelash with a specially formulated bonding agent.

- Lash Perfect eye lashes are very light and comfortable on the eyes. When applied professionally they do not damage the natural eyelash which can be the case with traditional self applied false eyelashes.
- Lash Perfect lashes will naturally darken your lashes as they will be fuller and more visible.
- Lash Perfect lashes, when cared for and with regular maintenance, can last up to 12 weeks. To maintain the fullness of the lashes and to keep their perfect appearance, we do recommend that they are retouched every two to three weeks.
- Lash Perfect Ultimate adhesive is safe to use and effective, compliant with all EU regulations and granted an ISO number.
- Lash Perfect lashes are for professional application only and the application procedure is very comfortable and relaxing.
- Lash Perfect eyelash extensions can be removed at any time by a professional.
